

## LAND O' LAKES RESIDENTS RECEIVE REVIEW

Every household in the Flinton, Kaladar, Northbrook and Cloyne area will be receiving a subscription to the Madoc Review free of charge for the next six months. These subscriptions are sponsored by the Madoc and District Chamber of Commerce.

Because a large number of persons from that area have shown an interest in doing business in this town, the Chamber is showing its appreciation in this way.

Over 550 issues were mailed to homes in the north country for the first time this week, giving local merchants a chance to attract new customers to their stores as well as to encourage those who have shopped here to come back.

The Madoc Review would like to receive news from that area, whether it be local and personals, births, deaths, fires, sports, weddings, or whatever. Just mail the information to Box 460, Madoc. Should there be an extra special event take place, it would be appreciated if someone would give us a call at 473-4194 and a reporter will be sent out to cover the story.

We would like to have a correspondent for each of the four localities to receive the news for us and see that it gets mailed in weekly. Those interested could contact us at the above address or phone.

Mr. Art Simpson, President of the Madoc and District Chamber of Commerce, hopes that everyone in the Land O' Lakes area enjoys reading "Hastings County's Oldest Weekly Newspaper."

## SUNDAY CALLERS EXPERIENCE DIFFICULTY

There are times when success causes problems, and Sunday around noon seems to be one of them when it comes to calling long distance from Madoc.

According to Bell Canada's local manager E. G. Thompson, the company's Sunday bargain calling rates that were introduced last November have been so popular that people are

calling more and talking longer, with the result that circuits are often overloaded and calls can't be completed.

The rate for calls dialed direct from 8 a.m. to 6 p.m. on Sunday is three-quarters off the regular day rates.

The overload problem is most apparent during Sunday lunchtime — noon until about 2 p.m. — when some callers have been experiencing difficulties.

"It's a frustrating experience when you try to call someone and can't," said Mr. Thompson.

"The way to overcome the problem is to place your calls either earlier or later in the day, avoiding the lunchtime peak period. The three-quarter discount is in effect from 8 a.m. until 6 p.m. on Sundays."

## Belleville Women Injured In Crash

Driver of the second car, Hedwig Keller of New Jersey, escaped uninjured. Damage to her car was estimated at \$2,500.

## GARBAGE SPOILING SCENERY

Is this to be the future scene along the highways leading into Madoc from the south? It has been recently, and outcries of protest are gradually getting louder.

It seems that since garbage collection was initiated in Huntingdon Township in the past year, all went well until the old Madoc Village dumping area along Hwy. 62 south closed and the arrival of summer brought cottagers to the shores of Moira Lake.

With the introduction of garbage collection in the Town-

ship came a yearly charge for the service to every property owner in the Township.

A number of cottage owners, who are at their property only on weekends most of the summer, are taking advantage of the service by placing their waste at the pick-up locations along highway 62 when they leave their cottage on Sunday evening. This garbage sits there until the collector makes his rounds on Thursday.

During the days between dumping and pick-up, these garbage bags sit in the heat of

the days, attracting hungry raccoons, skunks, dogs, and many other curious creatures. The animals boldly tear open the bags, scatter the garbage, pick out what they want, and leave behind one unsightly mess along our roadsides.

With a regulation that all garbage must be tied in plastic bags, the contractor comes along and collects only that which has remained in the bags. The obvious resulting mess of strewn garbage in the ditches is causing a great deal of con-

cern among Madoc and area residents, who have been justly proud of our once-beautiful resort area in the past.

A suggested solution might be that all persons putting garbage at the pick-up locations, especially when it will be left over a period of time, leave it in the disposal bags placed inside a metal barrel, where the animals cannot get at it.

The future of our environment is at stake if something isn't done to correct this situation at once.

## Brooks Captures Silver Medal

(By CHARLES GORDON)

On Saturday, August 12th, Joey Brooks, Doug Ross, and Scott Simpson joined 450 other athletes at the University of Waterloo for the Ontario Legion Track and Field Championships. This meet was to be the final test after training sessions that started last October and continued until two days before the meet.

Joey took a second place silver medal in the bantam boys triple jump with a leap of 37 feet, 9 1/4 inches. The winner beat Joe by 1 1/2 inch. This medal was even more satisfying to Joe as he was competing in two events at the same time. One event took longer than usual so Joe had to take a turn at the triple jump, then go down the field some seventy

yards to take a turn at the high jump.

Although Doug and Scott did not win any medals they can be proud of the fact that they earned the honour of competing in this meet. The boys met many new friends. The spirit of competition and friendship was really something to see.

Congratulations to these boys who worked so hard to reach their goals. In closing I would on behalf of the boys and myself, like to thank the Madoc Branch of the Royal Canadian Legion for their financial support in helping to cut the cost of the meet. Also thanks for their moral support, in the form of Don Forestell, who made the long early morning journey to cheer the boys on.

## Madoc Township Council Sets Mill Rate

The minutes of the previous meeting were read and approved on motion of Harris — Bailey.

Irwin — Wannamaker — that the Clerk write Madoc Village asking if it would be possible to have the waste disposal site open at nine o'clock in the morning instead of ten o'clock; also write Huntingdon Township asking that garbage left on Madoc Township property be put in dog-proof containers. carried.

Wannamaker — Irwin — that the Township Road Superintendent's statement of expenditures of \$1,835.72 for July be approved.

A request for supplementary road subsidy for a grader was filled out to be sent to the Ministry of Transportation and Communication. The Clerk was instructed to write Hon. Charles McNaughton and Clarke T. Rollins, telling them of these plans.

## TARGET TALK

The Madoc District Hunter's & Anglers Club held a rifle shoot on Sunday, August 6th. There were thirteen contestants competing in the three different target classifications now being used. The 100 yard winners were: first round, George Lake; second round, Joe Quinn; third round, M. Quinn Jr. This classification consists of scopes and olympic sights on the gun of your choice. The 4-power scope, or peeps, with a front post sight make the second sight classification. These rounds were won by Joe Foley, Duane Foley, and Russ Grass. The third classification, which consists of open sights, was won by M. Quinn Sr., and L. Hicks, only two rounds being fired in this class.

The points accumulated for the day were:

Name	class 1	class 2	class 3
J. Foley	24	25	13
L. Hicks	25	25	16
Louise Hicks			
	23	27	6
M. Quinn Jr.			
	26	27	18
R. Grass	24	28	18
Joe Quinn	29	28	16
G. Donaldson			
	24	25	16
M. Quinn Sr.			
	27	24	15
F. Boyce	16	21	14
G. Lake	28	27	17
D. Foley			
	28		
J. Oosting			
	27		
Shane Winterburn			
	26		

The next shoot is scheduled for Sunday, August 27th. See you at the rifle range!

The mill rate for 1972 taxes for Madoc Township were set. Residential total mill rate is 90 mills; commercial rate is 103.1 mills. Since the residential rebate this year is taken off income tax next year, it would appear to make taxes higher on the bills, while they are actually the same as last year.

It was decided to request that the County take over the road from Queensboro to Cooper Church.

The Council, on behalf of the residents of Madoc, wish to thank Council Harris for donating the Madoc Township Vault.

Council adjourned to meet at the call of the Reeve.

Eva L. Brownson,  
Clerk - Treasurer.

## REEVE HOSPITALIZED

Reeve T. C. Barton was taken to Belleville General Hospital on Monday morning after he became ill at his home here.

Hospital officials are keeping Mr. Barton under observation, and it is not known when he will be allowed to return home.

The Review joins with the community in wishing Mr. Barton a speedy recovery.

## FLAGS DESTROYED AT PEACE PARK

Vandals destroyed three of the provincial flags which were flying from the standards for the Coat-of-Arms of the provinces along the Avenue of the Provinces in the Lester B. Pearson Peace Park last Tuesday. The Peace Park flag on the hilltop site near the Peace Pagoda Shrine was also taken from the flagstaff by cutting the rope used for raising and lowering it.

Police are looking for a large truck that was seen in the park during the rainy evening of August 8 and which tracks were imprinted in the grass off the main roadway.

"In any society there are those who build and those who destroy," said Roy Cadwell, Chairman of the park. "A country can only survive as long as there are more builders than destroyers."

This year almost twice as many visitors came to the park as last year and one reason was the attractive display of each of the provinces on the standards along the Avenue of the Provinces.

The increase in vandalism in the parks of the province is of concern to all thinking people. The police are continuing to investigate the matter.

MY BIG TOE  
AND WORLD HOCKEY

By BILL SMILEY

Random notes this week. Could there be anything more silly than writing a column about your silly old wife breaking her silly old ankle, and four days later going out for a swim and breaking your own silly old big toe? Well, I did both.

And boy, it hurts, boy. Trouble is, there's not much the doctor can do about it. Had it X-rayed. He took a look at the plate, didn't even look at the toe, and cheerfully informed, "Yes, Bill, you've broken a chip of bone off it, but you can't put a cast on one toe, so just wear a comfortable shoe, wiggle the toe so it won't get stiff, and sweat it out." I'm sweating with every step. I didn't realize how many things you could bump your toe against. It hurts even when I kick the cat, which I don't do, but will, if she comes near my toe.

Enough about toes. Watch out for those bees. While waiting for the doc to talk about (guess what) my toe, two large and husky men came into emergency ward swelling like balloons from bee stings. One was the local veterinarian, six feet six and about 280. His right hand and arm were almost completely numb and it was spreading into his chest. He was disgusted. How could a silly little thing half an inch long do this to him?

And speaking of bees, how about those two hemdlins, Bobby Hull and Bobby Fischer, hockey player and chess master, in that order? Has ever so much space been devoted to guys who are that they enjoy, and being rich at it?

And speaking of Bobby Hull, what do you think of the World Hockey Association? It has stolen Hull and another half-dozen top hockey players from that far-from-benevolent monopoly, the N.H.L. Good luck to the W.H.A. I love to see a big organization kicked in the groin, or the pocketbook, in this case. Particularly by its own slaves.

Why shouldn't a hockey player, a good one, make more money than a movie star? He's often a better actor.

And speaking about hockey, which is rather silly in this weather, have you ever read or heard anything more silly than the bleating of sports-writers, and even editorial writers, about the series with Russia?

The whole thing is getting rather sickening. It's just another symptom of our inferiority hang-up. We can't beat the U.S. at money. We can't beat the Chinese at ping-pong. We can't beat anybody at the Olympics, except maybe North Wales or West Tangania. (With the notable exception of those horse-jumpers, who are pretty good.)

Why don't we just relax and enjoy it, as Confucius did not say? Why don't we forget the years when other countries were wobbly-ankled on skates and every red-blooded Canadian boy had a Simpsons catalogue

on one leg and an Eaton's catalogue on the other and could shoot a frozen horseball through a hairnet, and we won the world championship twenty-eight to one every year?

Except. Remember that dreadful year (about 1936) when the British, of all people, beat our team in the Olympics? Their team, of course, was made up of Canadians living in England. Or Englishmen who had grown up in Canada. One of them was an English kid I went to school with. Another, so he claimed, was an old friend of mine, Squire Tanner, attending Cambridge. Another was George Hees, doing much the same, before he got into politics. But, oh, the shame of it!

All this, of course, is prelude and masquerade to a secret hunch of mine that the Russians are going to lick us in the forthcoming series, if it ever forthcomes.

My hunch is based on the fact that the games will be played under international rules. Take away the body-checking, high-sticking, elbowing, slashing, boarding and gouging from the game, and your average Canadian player is lost. I can visualize clearly five Russians descending on some hapless Canadian goalie, with all the other Canadians in the penalty box.

Enough. This column is about summer silliness. How's this? An aunt of my wife, who was born and reared near Belfast, had lived for a number of years in Canada, went back to Northern Ireland for a visit this summer. We're watching the obituary columns.

My kid brother, who is a colonel in the air force, is being posted to Germany in a few weeks. What, in the name of all that is silly, are Canadians doing in Germany? Who are they guarding? Against what? And with what?

I know I've come a long way from my broken toe, but somewhere, in some secret little niche in my mind, there is a connection linking all these summer sillinesses. Or maybe I just got too much sun when I went to the beach the other day with Kim and her husband. And broke my toe.

## QUEENSBORO W.I.

On Wednesday, July 12th, 14 members of the Queensboro Branch of the Women's Institute motored to Kingston for their annual summer outing. While there, they visited the radio and T.V. Stations and two shopping centres, and also went on a tour of the city by the Chamber of Commerce.

## LOOKING BACK ...

50 YEARS AGO  
August 23, 1922

According to the Trent Valley Schedule a match was to have been played between Frankford and Madoc on the grounds of the latter last Wednesday afternoon, but about noon thunder storm which looked as though the grounds would be too wet and in consequence Madoc officials phoned the Frankford team not to come and also the umpire whose home is in Peterboro. The umpire did not come but in due time the Frankford team with a large following appeared in town and although Madoc was without a pitcher, rather than disappoint the Frankford people and the citizens of Madoc who came to see the game our boys decided to sacrifice themselves for the pleasure of others. Mr. Hughes whom very few here even sus-

pected of being a pitcher went into the box and put up a style of pitching that was a revelation both to the Frankford team and to the citizens of Madoc. After the first inning in which Frankford secured six runs Hughes held the visitors down to 2 runs. The pickup team which Madoc gathered here and there put up a wonderfully good game. As this game was called an exhibition game it did not count for the Frankford team. The regular game came off Monday when Madoc again was minus a pitcher as well as three others of their regular team. To make up a team of nine it was necessary to put on four boys from the High School team. When Frankford became aware of the real condition of affairs they were in great spirits believing that they would have an easy walk over and in imagination feel that they had won the cup. A number of them told the writer that if Tweed lost the protest and Frankford won in Madoc that the cup would go to Frankford as they could defeat either Tweed or Belleville. Frankford went to bat and failed to score while Madoc secured 2 runs in the first innings, which so inspired the boys that they put up a quality of Baseball that neither Frankford nor the Madoc citizens believed them capable of and the score soon stood 4-0 in favour of Madoc. Frankford now became anxious and began to dispute the umpire's rulings and even entered a protest, but the strain and excitement was too much for some of Madoc's players and considerable unparadonable fumbling occurred which cost Madoc the game. We believe that Madoc had on the grounds last Monday a team which properly handled and given plenty of practise would make it unnecessary to look outside this village for any baseball assistance.

15 Tips For Motorists — The Ontario Motor League's standing committee on safety commends the following fifteen commandments to motorists: 1. Put yourself behind the other man's steering wheel. 2. Don't laugh at timid passengers. They are your guests. Make them

comfortable. 3. Don't expect children to look out for themselves. The fact that it was the child's "fault" doesn't make death less terrible. 4. When a man in the wrong insists on the right of way let him have it. You can't argue with a fool. 5. Get the hand signal habit. It protects you as well as others. 6. When the man behind you wants to pass, slow down and draw over. It is safer to have him speeding ahead of you than alongside of you. 7. Don't dash by street cars as they are about to stop. 8. Don't try to pass the car ahead of you when another car is coming in the opposite direction. 9. Slow down and keep to the right when you approach the crest of a hill. 10. Don't dispute the crossing with a railway train. What's the hurry? 11. Think of the other road users when you have to splash through mud or water. 12. Remember that the pedestrian at the crossing has the right to cross. 13. Don't drive jerkily. It keeps the man behind you worried. 14. When your brakes aren't working the time to get them fixed is NOW. 15. If you forget the rules of the road you can safely fall back on the golden rule.

Died — On August 7th at Old Orchard Maine, U.S.A., Rev. Thomas Hall D. D. in his 84th year. Interment took place at Island Pond, Vermont, U.S.A. on Wednesday, August 9th.

24 YEARS AGO  
August 5, 1948

Mr. Wm. Burns, who was born in Eldorado and resided in Madoc until September 17, 1880, when he moved to Bayonne, New Jersey, where he now resides, paid a visit to the Review Office yesterday to enquire whether any of his old friends still resided in the area. This is his first visit to Madoc in 68 years with the exception of passing through in 1938. Mr. Burns stated that when he left Madoc it was a prosperous community and recalled vividly the places of business at that time. He said the Presbyterian Church was being constructed at the time of his departure in 1880. Although we were unable to discover any of the people he

knew, he was overjoyed at being able to look around the district where he had spent his boyhood years.

The Madoc Agricultural Society sponsored an oat competition which John McCoy was adjudged winner with 90 points to lead a list of 14 competitors. Harry E. Redner acted as judge for the competition and listed the competitors as follows: John McCoy 90; Hark Rollins 87; Ward Holland 86; Jas. F. Miller 85 1-2; Edward Sexsmith 85; Fred Irwin 84; Philo Harris 81; Allen Thompson 80; Harry Stout 79; Russell Empey 78; W. J. Stewart 74; Geo. Hill 71; Francis Tobin 68; Wm. Empey, not judged.

Four cows of a total value of \$600 belonging to Ford Chambers of Malone, were killed on the road close to his home at 5 p.m. on Tuesday of last week. Mr. Chambers was driving eight cows from one of his fields to his barn yard for milking. Simultaneously as half of the herd were passing under an elm tree, a limb of the tree was torn off by a storm which was raging at the time and this occasioned the breaking of two wires of the hydro service line of the community causing the electrocution of the animals. Russell Fox, who was helping Mr. Chambers with the cows, endeavored to get over the wire fence on the opposite side of the road. He was held to the fence until extricated by his son George, who was passing by on his way home from Deloro. Although a little dazed that evening Mr. Fox felt no further effects the next morning.

Friday evening, one of the best softball games of the season was played when the Merchants defeated Blue's Hotel 9-8. The return game is to be played this Friday night. Another game took place on Thursday evening, when the local Legion tangled with the Deloro Snailers. The Legion came out of the fray on the short end of a 22 to 11 count, but will be out to even it up tonight when they play in Deloro.

Girl friends of Mrs. Allan Lucas (nee Phyllis Tanner) entertained in her honor at the home of Mr. and Mrs. F. E. Brown on Monday evening. Mrs. Lucas was escorted to a seat under a pink and blue canopy and was showered with confetti, after which a loaded dinner wagon of miscellaneous gifts from friends and neighbours was presented to her. Following the opening of the gifts Mrs. Brown was assisted by Misses Ann Nicke, Margaret McCoy, Shirley Tufts, Mrs. J. McGowan and Mrs. Stickwood, in serving dainty refreshments. Mr. and Mrs. Lucas will take up residence in Trenton.

Wedding — Pink and white lilies, asters and roses decorated the drawing room of Adelaide House, for a wedding on Friday afternoon, when Miss Yvonne Broad was united in marriage with Mr. Eric Sutherland. The bride is the daughter of Mr. and Mrs. Howard Broad, and the bridegroom is the son

of Mr. and Mrs. Wemyss Sutherland, all of Oshawa.

Births — At Belleville General Hospital, on Thursday, July 29, 1948, to Mr. and Mrs. Maxwell Burnside, a son.

At Mrs. Keller's Nursing Home, on Friday, July 30, 1948, to Mr. and Mrs. George Fox, a daughter.

In Madoc Village, on Friday, July 30, 1948, to Mr. and Mrs. Joseph LaChapelle, a son.

At Mrs. Keller's Nursing Home, on Tuesday, August 3, 1948, to Mr. and Mrs. Howard Brooks, a daughter.

In Madoc Village, on Wednesday, August 4, 1948, to Mr. and Mrs. Wesley Emigh, a daughter.

In Belleville General Hospital, on Tuesday, July 20th, 1948, to Mr. and Mrs. Gerald Wiley (nee Doris Palmer), a son.

15 YEARS AGO  
August 15, 1957

Ken Holmes joined the ranks of successful Muskellunge fishermen over the weekend when he hooked and landed a 15-pound fish while fishing at Moira Lake. He was accompanied by George Fox, who assisted in landing the fish which took nearly an hour.

It has been reported that an iron ore "strike" has been made between Loon (Skootamatta) Lake and Sheldrake Lake, north of Cloyne. Little information is available, but it is understood that trenching operations have been completed. Rumor has it, that the samples taken out, would appear to indicate that diamond-drilling is warranted. Names of the parties engaged in probing the area, are not available.

James Ellis, 21, formerly of Madoc and now working at Oshawa, suffered injuries late Wednesday evening, August 7, when the car in which he was riding went out of control on a curve west of Madoc, struck a culvert and rolled over several times. Ellis, riding in the rear seat of the car driven by Farley Fox, 20, of Madoc, was knocked unconscious as he was thrown out of the vehicle when it rolled. He was taken to Belleville General Hospital in Bush's Ambulance from Tweed. The driver and a second passenger in the car, Marvin Johnson, also of Madoc, were treated at the office of Dr. Geo. L. Mullin, of Madoc. The accident occurred about 2 miles west of Madoc as the vehicle was eastbound toward the village. The late model auto was completely wrecked, police said. Provincial Constable B. D. Shaw, of the Madoc Detachment, investigated.

Many people believe that artificial respiration is useless if the victim has been under water for more than a few minutes. This true story from the Health League of Canada will prove that this is not so. On July 7th, 1937, a little girl fell off a raft in Carleton Place into deep water. Two boys dived seven times before the little body was recovered. She must have been under water for a good twenty minutes. Two electrical workers trained in artificial respiration happened to be present, and artificial respiration was started at once. The little girl breathed in 35 minutes, and ultimately recovered. This could have been a summer tragedy. It was prevented by the timely appearance of the two electrical workers who knew how to apply artificial respiration, and had enough sense to keep it up. Tragedies through drowning can be prevented in many cases. Artificial respiration should be applied at once, and kept up continuously until either success is achieved or rigor mortis sets in.

A spate of highway accidents pushed Canada's weekend accidental death toll to 50, a Canadian Press Survey showed. Among other accidents not included in the survey was a plane crash near the tiny Quebec community of Tasoudan which claimed 79 lives. Traffic accidents accounted for 36 lives. Eleven persons were drowned and three met their death in miscellaneous accidents. The survey started at 6 p.m. local time Friday and ended at midnight Sunday. Ontario's toll was heaviest - 20. Thirteen were killed on the highways, six were drowned and an infant died of injuries suffered when scalded by boiling water. Quebec followed with 10, including five traffic and four drownings.

Engagement — Mr. and Mrs. Anthony J. Willemssen, Madoc, announce the engagement of

their daughter, Joanne Bernadine, to Mr. Russell Joseph Boyvair, son of Mr. and Mrs. Percy Boyvair, Oakville, Ontario. Marriage to take place September 21st, at 10 o'clock in the Sacred Heart of Mary Church, Madoc.

Marriage — The marriage of Miss Barbara Ann Curry, eldest daughter of Mr. and Mrs. A. Curry, of Mimico, to Mr. James Nichol Young, son of Mrs. Frank Reid and the late Mr. James Young, was solemnized at the Presbyterian Manse in Cooksville, on Saturday, August 3rd. The ceremony was performed by the Rev. C. A. Winn.

**GRANT APPROVED**

The Honourable Leo Bernier, Minister of Natural Resources and Mr. Clarke T. Rollins, M.P.P. for Hastings, announce the approval of a provincial grant of \$800.00 to the Moira River Conservation Authority for channel improvement work on the Moira River.

Loose rock in the Moira River at a location between Latta and Plainfield constricts the river channel resulting in an upstream accumulation of floe-ice during the spring freshet, thereby creating a flood hazard. It is proposed to remove this constriction.

## CLOYNE BOY LANDS PIKE

Friday, August 25th, was a proud day for this young lad. That is when he successfully landed a 38" Pike while fishing off the dock at the back of his home at Cloyne.

Mark Mills, who just turned eleven the week before, was pleased and very excited when the 9 1/2 pound beauty got caught on the small hook after it struck the minnow he was using for bait. Mark managed to hold onto

the fish until his father's well-earned assistance arrived. The pike was caught in Benny's Lake, a small lake on which he lives. Mark was fishing in the area where he and his family have spent a great deal of time swimming this summer.

## OVER \$300 RAISED AT DANCE

An amount estimated to be in excess of \$300 will be added to the funds already raised for the Centre Hastings Medical Centre as a result of the efforts of the Madoc & District Chamber of Commerce who last Wednesday evening sponsored a street dance for this purpose.

President, Art Simpson, expressed the Chambers' gratitude to all those who supported the street dance. He mentioned in particular those who helped out during the evening, including Glen Nickle, Gordon Pigden, Buck Carswell and his helpers, Wayne Hagerman, Canada Tale, members of the Kiwanis Club and the Ladies Auxiliary of the Royal Canadian Legion.

As all expenses have not yet been straightened up, an exact figure was not available at press time.

## MADOCER TIES FOR TOP HONORS

where the group was competing for prizes totalling \$500.

## MEDICAL CENTRE TOPS \$10,000

The business men's section of the village helped boost the Medical Centre Donations to an excess of \$10,000 this past

week. Canvassing is still continuing in the village with canvassers needed for west and east St. Lawrence Streets. Any

one living in the West St. Lawrence - Rollins Street area could give Mr. Robert Graham a hand with his canvassing by calling 473-2323. Bob would welcome the assistance. Further canvassers are still needed in the East end of the village while canvassing is progressing favourably in the North and South Sections.

Concrete progress was made this week when the work required to move the hydro lines was completed by the Madoc Hydro-Electric Commission. The erection of a sign at the site of the new building has also been completed. The Directors extend their thanks to Mr. Les Tarrant of the Centre Hastings Secondary School for his work on the sign.

The next meeting of the Directors takes place Monday, September 4th in the Madoc Village Council Chambers.

Mr. Les Tarrant, drafting teacher at Centre Hastings Secondary School, painted this sign, which was recently erected on the area beside the Kiwanis Centre. It designates the site of the Centre Hastings Medical Centre.

DISASTER-THREE**

By BILL SMILEY

With the best intentions in the world to do so, I never quite get around to answering all my mail. There always seems to be some domestic or other crisis that interferes.

In almost every case, the letters I get are both friendly and interesting. The exceptions are business letters and bill collectors. Form letters and promotional letters I don't even read; just tear them once across and toss into the logical depository — the garbage pail.

Anyway, this column seems to get around quite a bit, and the letters pile up, and I keep making new resolutions to answer them and the pile keeps growing. If my wife would leave me for a month, and I worked eight hours a day, I could clean them all up and start a new life, relieved of guilt and shame.

Just to give you an idea, here's a cross-sampling. Just got a card from the Bobsey Twins, Regina and Kath. Postmark: Venice. They're two former students. When they were in Grade 13, and I couldn't find a boy to clean up the estate, they took it on, and did the best job I've ever had done. Unlike boys, who don't get into the corners, they crawled into the bushes and dragged out leaves with their bare hands. They garnered forty plastic garbage bags of leaves and twigs. I gave them their pay and an illegal beer and we've been buddies ever since. According to the card, they've covered seven countries in three weeks and are now heading for Spain. Poor old Madrid.

Here's a letter from R. F. Stedman, County Wicklow, Eire. An excerpt: "Your column holds for a note of sanity in a mad world and ranks in my mind with Greg Clark." Double thanks, R. F. Greg Clark is about six tiers above me, but I appreciate the sentiment. Mr. Stedman went to high school with my older brother and sister.

Just grabbed another one from the heap. Holy smokes, it's dated Feb. 1971. Thomas A. Smith, Rouleau, Sask. He noticed a reference in this column to Calumet Island, in the Ottawa River, where my mother was born. He was born there too and remembers Smileys in Shawville, Que., where my dad once ran a store. It's a long, interesting letter from a real old-timer who went west in 1910, at the age of 17, went overseas in World War I. Mr. Smith, I hope you are well, though you must be 80, and I'll write a proper letter.

Here's another, from White Plains, New York. Holy Old Hughie! Dated June 24th, 1969. It's from A. Leslie Hill, Captain, Army Nurse Corps, U.S. Army Reserve (retired). Born in Fergus, Ont., three score years ago, graduate of Kingston (Ont.) General Hospital, served in World War II and Korea, and read my column to a group

of Negroes in the laundry room. How about that? Letter ends. "Thanks for your column dull or not."

Here's a self-addressed envelope from Mrs. Walter E. Dorsett, Smiley, Sask. But I can't find the letter. And another one from Gordon Fairgrieve, publisher of the Observer, Hartland, N.B. He has a subscriber called Bill Smiley, who lives in Massachusetts, and asks that I drop him a line. I will, Bill and Gordon.

A note from G. R. McCrea, publisher of the Herald, Hanna, Alta. He agrees it's a mad, mad world, has been forty years in the newspaper "game", started at \$5 a week, and recalls with nostalgia: "For \$5 in those days you could take your best girl to the local dance, buy a mickey of rot-gut rye, and still have money enough to buy the gal a lunch at midnight, and some left over for a package of roll-your-owns on Monday. Boy, was that ever livin'." Thanks, G.R., for a grand letter.

From a lady in Bowmanville. She thanks me for my salute to the housewife, and has some good advice: "I have learned, slowly, never criticize what someone's doing unless you have tried it yourself." And it turns out the lady lived next door for eight years to the lady who wrote me a beautiful letter from New Zealand.

In a column this summer, I compared my wife to that bird, the flicker. Ron Cumming writes from Port Elgin, comparing husbands to bobolinks. "Before marriage, the bobolink has a beautiful, slick, yellow-striped suit and sings a mate-enticing Bobo-link-a-link-a-link. After marriage, in late summer, he dresses in dull brown, and his song is merely a dull 'clunk'. As a middle-aged hubby, I keep seeing a parallel."

Woops! It's not all sweetness and light. Just reached and read two letters giving me hell. I must have written a snarly column about teenagers back in 1970, for one of the letters is dated then. One is from a teenager, unsigned, blasting me in no uncertain terms. The other is from a senior citizen, Mrs. Jessie Slater of Bracebridge. One pungent comment: "You must be a Dagwood at home, and a rotten father. How else could you have such a mixed-up family?" Well, Mrs. Slater, my mixed-up daughter happens to be living in Bracebridge right now, and I've a good notion to call and tell her to go over and give you a good punch in the nose.

I'm kidding, Mrs. Slater. Kim wouldn't step on an ant, if she could avoid it. She's a delightful, compassionate, beautiful and intelligent young woman, who is no more mixed-up than you or I.

And I'm no Dagwood. When I put my foot down around here... I break a toe.

Well, all I wanted to say was that you meet a lot of interesting people in this business.

An Aged Woman Gardener—Mrs. William Russell, who is 87 years of age, and lives in the west end of Mitchell, Ont., has a garden consisting of half an acre of land which is filled with vegetables, such as potatoes, corn, beets, carrots, beans, and many kinds of flowers. This garden, which is kept in excellent condition, is worked solely by Mrs. Russell, who rises at four o'clock every morning and works in her garden most of each day.

Wedding—At the home of Mr. and Mrs. A. C. Sine of Minto on the 30th of August a very pleasing event took place when their eldest daughter, Keitha Evelyn was united in marriage to Mr. Percy E. Holland youngest son of Mr. and Mrs. Holland of Crookston. The home was tastefully decorated with pink and white drapings and promptly at eleven o'clock a.m. to the strains of the wedding march played by Miss

Josephine Sine, sister of the bride, the wedding party took place on the veranda beneath an arch of ever-green and white flowers under a floral bell.

On the evening of August 25th about fifty guests gathered at the home of Mr. and Mrs. A. C. Sine to present their daughter Keitha with a miscellaneous shower in honor of her coming marriage. About eleven lunch was served and the party broke up, all having spent an enjoyable evening.

Born—On August 17th, to Mr. and Mrs. George Holland, a daughter.

24 YEARS AGO  
August 19, 1948

Mr. Thomas Ash, Sr., of Madoc Township, brought into the Review Office today a cupful of white huckleberries which were found growing wild on his farm near here. He claims there were only a few bushes bearing these white huckleberries. This is the first time white huckleberries have been reported growing in this area and their flavor is very similar to that of the ordinary blueberry, but perhaps a bit sweeter.

An ear of corn which has two smaller ears growing off the main one was brought into the Review Office yesterday by Mr. Charlie Baumhour, of Madoc Village. The main ear was full grown and filled out while the two smaller ears attached were just starting to fill out. We have seen two ears growing together but never three. This may mean a triple-threat to the corn industry.

Mr. R. R. Hannah, of Cooper, was honored at a reunion of relatives and friends, held August 14th, on the occasion of his 89th birthday at the home of his niece, Mrs. Keitha Aide, Big Island. A beautifully decorated cake with 89 candles was served with ice cream. Mr. Hannah, despite his advancing years is still active, having shot seventy-two ground hogs this year and more than forty last year.

On Monday night, August 2nd, the home of Mr. and Mrs. R. J. Wood was filled to capacity with friends of the community, who met to honor with a shower, Miss Lois Thompson, on the eve of her wedding. Mrs. Woods was assisted by her sister-in-law, Mrs. R. J. Ham. The home was tastefully decorated with pink and white crepe paper, also the container which held the gifts, over which hung a decorated watering can with streamers to represent a shower. A few suitable contests were enjoyed after which the bride-to-be gracefully perched on a cushion on the floor opened the gifts which were all lovely. Lois thanked everyone for the kindness shown her and invited them to visit them in their new home. A table of delightful refreshments was served by the hostesses and their assistants. The mother of the bride-to-be

graciously thanked the friends for their thoughtfulness in honoring Lois and Ted with such lovely tokens of their friendship.

15 YEARS AGO  
August 29, 1957

Muskelunge fishing continues to be good at Moira Lake and the big fellow of the week was caught by Don Parks, who was fishing in the upper Moira River, with Clarence Farrow, when he hooked and landed a 29 pounder. Johnnie Whykes landed two during the week, one weighing 18 pounds and one weighing 12 pounds. Vaughan Jack, of St. Catharines, was another successful fisherman, landing a 15 1/2 pound lunge, while fishing with P. H. Naylor at Moira Lake.

On Friday evening the neighbours, friends and relatives gathered at the home of Mr. and Mrs. Wilfrid Forestell and tendered their two daughters and husbands a presentation party, following their recent marriage. A very suitable address for the two couples was prepared by Mrs. Allan Franks and was read by Miss Marion Mahoney. Mr. Donald Forestell and Beverley Baker presented each couple with a Kroehler chair. Helen and Harold, Madeline and Linus voiced their sincere appreciation of receiving such nice gifts which would serve as a remembrance in their homes of the many friends and neighbours from Madoc. Mr. T. Bronson and Mrs. A. Franks provided music for the evening after which the women served refreshments.

The second game of the first round of O.A.S.A. playoffs between Madoc and Stittsville was played at Stittsville on Monday night with Madoc winning 5-3. Madoc won the first game 16-15 and will now meet Brooklin in the second round of the play-offs.

Weddings—Pink, white and blue tinted gladioli adorned the chancel of Trinity United Church, Madoc, on Saturday, August 24, at 2:00 p.m. for a lovely wedding when Mondamie Ashley, of Vankleek Hill, Ontario, daughter of Mr. and Mrs. Archibald T. Ashley, became the bride of Gordon Alexander McBeath, of Toronto, son of Mr. and Mrs. Alexander McBeath. The Rev. O'Brien, of Toronto officiated, assisted by the Reverend J. F. Lane, pastor of the church.

St. Peter's Presbyterian Church, Madoc, was the setting on Saturday, August 24, at one

o'clock, for a lovely, double wedding when the Reverend M. W. Heslip, pastor of the church, united in marriage Peggy Joyce Ellis, of Madoc, daughter of Mrs. Carl Willman and the late Mr. G. Ellis, to Marvin Ralph Johnston, of Madoc, son of Mr. and Mrs. Sidney Johnston, before a background of multi-colored gladioli in tall standards, and ferns.

A pretty double-wedding took place in the Protestant RCAF chapel at Rockcliffe Station, Ottawa, on Saturday, August 17th, at 2 p.m., when F.L.L.S. Currie, Padre, united in marriage, Patricia Miller and Edward Clynne, and Nadine Angeline, eldest daughter of Manley D. Yearwood, of Fencelon Falls, Ontario, and the late Mrs. Yearwood, formerly Sarah Lowery, of Clinton and Madoc, to LAC Lawrence Shane Wilson, son of Mr. and Mrs. Edgar Wilson, of Rockcliffe Station, Ottawa.

## Before you use your back, use your head.

Throwing your back into something means that maybe you might just throw your back out. That's painful and no way to enjoy the nice things in life. When you've got to move or lift something, first test the weight. If you can't lift it easily, get some help. That's self-defence. And it works, for you and your family.

# NORTHBROOK'S CLINIC BOON TO AREA PEOPLE

Financial fragility is a key element. At the same time delivery of health care in Northbrook means the sky's the limit — three times a week.

That's when the doctor comes calling. Regular as a normal pulse beat, on alternate weekdays a light plane dips over the pines surrounding this Highway 41 centre on the northeast fringes of Quinte bush country.

Its single passenger could be any of 15 doctors who have volunteered to man the Northbrook Medical Clinic — a venture which even Health Minister Richard Potter lauds as an exemplary study in professional and community co-operation. The clinic is "a damn good example" of what Ontario requires to meet health care needs in many such communities, Dr. Potter said Monday night.

To many of the 3,000 estimated population it serves in the surrounding countryside, the centre is a comfortably working solution to an urgent need.

For a great-grandfather like Jim Meeks it means medical attention is only a six-mile drive away.

For 80-year-old Charles Wood and his wife Louise — who once used to drive more than 30 miles when needing a physician — it's even closer.

They live just across from the one-time two-room school, now a community centre where space has been made for the clinic, in operation since mid-January.

Not that such a service is a new departure for Dr. Richard Milne and his other Kingston fellow-physicians who helped create the venture.

He was the driving force in 1968 which organized the Parham Medical Clinic 35 miles north of Kingston, now funded by the Ontario Ministry of Health through its planning and research program.

By contrast, the Northbrook venture is a private enterprise venture, financed by a \$68,000 grant spread over three years from the Physicians' Services Inc. Foundation — the organization founded after the 22-year-old medical insurance scheme run by Ontario's doctors went out of business after government medicare arrived.

Impetus for the Northbrook clinic came last year when Dr. Milne and some associates flew here to see if they could repeat the success of the Parham experiment in another needy area. Their feasibility study coincided with an area businessman to get a doctor into the area. Inevitably, initiatives crossed.

Dr. Milne said his group was willing to provide a doctor for a half-day three times a week and staff a clinic for five full days with a resident nurse and secretary.

When he approached PSI Inc. for funds, he pointed out a key factor: It would be impossible for a doctor to drive up to 90 minutes from Kingston then comfortably do a day's work. The answer was aircraft. Hence the idea of the flying doctor came about.

## DEATHS

**WYLIE** — Entered into rest at Brampton Nursing Home on Monday, August 21st, 1972, Gertrude Meredith Wylie, in her 82nd year. She was the daughter of the late Mr. and Mrs. Leonard Keene and wife of the late John Henry Wylie. Mrs. Wylie is survived by three sisters: Mrs. N. R. Stout (Myrtle), Kingston, Mrs. A. L. McBride (Maude), Brampton, Mrs. C. R. Smith (Vera), Madoc and two brothers, William Keene of Toronto and James Keene of Madoc. Funeral service was conducted in Brampton McClure Funeral Home by Rev. McBride, assisted by Rev. T. H. Good, nephew of the deceased. Burial was in the John Norway Cemetery, Toronto.

**ALEX CAMPBELL** — Retired C.N.R. Engineer died in Sarnia hospital, Thursday, August 17th, in his 75th year. He was a brother of the late Fred Campbell and has a brother, Galdie, in Toronto, a brother, Harry, in Saskatchewan, and a sister, Kate, in Los Angeles, California. He was born in Queensboro, the youngest son of Thomas and Lucy Campbell.

So, each Monday, Wednesday and Friday a doctor arrives by plane and opens office in the clinic set up in the schoolhouse purchased by the local businessmen and converted into a community centre. Between times, residents have the services of Mrs. Tish Bulson, a nurse who came north from Burlington three years ago with her husband who operates the general store here.

Case loads appear to average out around 50 patients a week, but vary. One winter week there were 16. Recently, more than 80 used its facilities in one week.

If the number of patients or the quantity of health problems dropped there might be no reason for such a venture, says Dr. Milne.

"But the problems we're seeing here, I think, are very real and all worthy of medical attention."

For people like the Woods and Meeks the clinic solves more than physical problems.

"It makes you feel secure," says Mr. Wood. "The nurse can always do something that will help you until the doctor gets there."

Before the clinic Mr. and Mrs. Wood had to have someone drive them to Maribank to see a doctor.

For 83-year-old Jim Meeks, the clinic "saves a lot of problems in travel".

Living six miles north of here, getting to a doctor, says his grandson Albert, either meant driving him about 33 miles south to Tweed or 45 miles north Eganville.

The trim wood-paneled clinic is a compact unit, including a doctor's office, two examination rooms and a little laboratory for on-the-spot tests. An extended facility is a courier service provided by the Medical Doctor Sciences services which daily picks up lab specimens — mostly for testing at Belleville General Hospital — and returns them in 24 hours. The clinic also carries a basic stock of drugs and medications for on-spot dispensing.

All is performed by cautious

budgeting.

The PSI grant allows \$15,000 a year for operating costs — most of it for the full-time nurse and secretary. Rental of aircraft — fitted with skis in winter and mostly flown by Douglas Trimlin of the Kingston Flying Club — is estimated at \$18,000 for the three years.

"It's an extremely small budget — and this is one of the things we're very proud of," says Dr. Milne.

Is the clinic a practical alternative to a resident doctor?

Dr. Milne believes there is a difference between the medical wants and the actual medical needs of a community. It could be economically unfeasible to staff many smaller communities which may not require a resident doctor.

"We feel with the type of medicine we're practising... and transportation being what it is, we can provide a significant part of the medical needs of this community."

However, the success of the Parham and Northbrook ventures may not apply elsewhere. Solutions should be "absolutely unique" geared to a community's problems and resources.

Dr. Milne believes getting upcoming young doctors out of the larger centres into, contact with smaller communities through such clinics may be professionally beneficial. It could also help encourage more graduates to smaller centres, although there already is a trend to increased general practice.

As for his own group, he doubts if it will engage in any more ventures like Parham and Northbrook, since it already is stretched "to the limits of its capability".

When a group practitioner leaves Kingston, there is no need soliciting a replacement. There has always been enthusiasm about the clinics, says Dr. Milne.

"It's a rather unique response. I can't explain what it is that keeps this group together. Except, I think they're tremendously satisfied and tremendously proud of what they're doing."

## WEDDINGS

## BAILEY - JEFFREY

On August 5th, 1972 at four o'clock, Trinity United Church, Madoc was the scene of a lovely summer wedding when Brenda Jane, daughter of Mr. and Mrs. Walter D. Jeffrey, Madoc, became the bride of John Wayne, son of Mr. and Mrs. Fredrick C. Bailey, R.R. 3, Madoc. Rev. W. Sedgwick of Queensborough officiated at the ceremony. Miss Joan Brownson, Toronto, as organist, accompanied Mrs. Harold Bailey, soloist, as she sang the selection "The Wedding" prior to the entry of the wedding party.

Given in marriage by her father, the bride wore a gown of her own design and making in polyester crystal sparkle over rayon satin. A deep inverted pleat at the back waistline of the gown gave the skirt an A-line effect. The empire bodice was trimmed with a single row of tiny pearl buttons. The round neckline and Juliette sleeves were completed with a dainty ruffle. The cathedral length veil, held in place by rose buds and petals, was edged with the same crocheted trim as the sleeves and hemline of the gown. Heirloom pearl earrings completed the ensemble. Her bridal bouquet consisted of stephanotis, cream carnations, pink rosebuds, gypsophelia and fern in a cascade arrangement.

Matron of honour, Mrs. David (Elaine) Gordon, Madoc, was attired in a floor length gown of mint green sheer over rayon satin. The empire bodice was finished in a re-embroidered flower design, while the neckline and cuffs were edged with a dainty ruffle. Her bouquet consisted of brilliant yellow carnations, stephanotis, gypsophelia and fern. She wore tiny green bows centred with yellow flowers in her hair.

Bridesmaids, Mrs. David (Wanda) Burnside, Madoc, and Miss Linda Gutheinz, Napanee, were attired identically to the matron of honour. They carried similar bouquets.

Best man, Mr. Ray Bailey, brother of the groom, and ushers Mr. David Jeffrey, brother of the bride, and Mr. Ross Bailey, brother of the groom, were attired in deep brown double-breasted jackets with wheat coloured pants. Their shirts featured the same mint green shade as the bridesmaids' gowns.

As the guests entered the Madoc Kiwanis Centre to attend the reception dinner, they were received by the parents of the bride and groom as well as the bridal party.

Mr. Sheik Bacchus acted as master of ceremonies for the occasion.

The bride's mother chose a floor-length gown of floral sheer in shades of blue, green and bronze over pale blue. The empire bodice featured a laced look with pale blue ribbon. A deep flounce edged the hemline of the gown. White accessories and a corsage of bronze 'mums and gypsophelia completed her ensemble.

The groom's mother chose a floor length gown of floral sheer in shades of pink, green

and mauve over pale green. The gown featured an empire waist with a round neckline and short sleeves. White accessories and a corsage of pink 'mums and gypsophelia completed her ensemble.

For departure on their wedding trip to northern and western Ontario, the bride changed to a dress of brown and white flowered polyester crepe. White accessories and a corsage of yellow rose buds and gypsophelia completed her ensemble.

Upon their return, Wayne and Brenda have taken up residence in Napanee.

Out of town guests were present from Toronto, Ottawa, Peterborough, Bramalea, Trenton, Belleville, Sydenham, Wellington, Oshawa, Bancroft, Napanee and Wallbridge.

## GOULAH - MURPHY

Red roses, peonies and white 'mums adorned the altar of St. Catharines Church, Tweed, Ontario, for a lovely double-ring wedding ceremony when Father C. E. Baker, assisted by Father P. She carried a colonial cluster of pale pink carnations centred with deep pink rose buds. The bridesmaids were Miss Marilyn Meagher, sister of the bride and Miss Susan O'Riordan of Madoc. They were identically attired to the maid of honor and

carried colonial clusters of pale pink carnations centred with deep pink rosebuds.

Best man was David Armstrong of Madoc, and the ushers were John Blue, brother of the bridegroom and Brian Houlihan of Ottawa.

A reception was held at the Odd Fellows Lodge, Belleville where the bride's mother greeted the guests wearing a slightly A-line dress of turquoise suede peau, enhanced with a

jewelled collar, and matching accessories. A corsage of coral rosebuds completed her ensemble.

For the wedding trip to the Pocono Mountains, Pennsylvania, the bride donned an egg shell shantung ensemble with red accessories and a corsage of red roses.

On their return, Mr. and Mrs. Blue will reside at 2081 Baseline Road, Apt. 31, 3 Ottawa.

# FATHER'S HOUSE by the Storrer Family

The pieces below were copied from the third section of "Father's House", a short history and scrap book of the Storrer Family, part of which was published in last week's edition. These articles were composed and submitted by members of the Family.

"The Wounded Soldier"  
(By Capt. Phillip Ash)

As I lay among the wounded,  
On the bloody battle-field,  
My thoughts returned as ever  
To the land I had to yield.

I could see the deep, green hills,  
Of the land that I adore,  
I could hear the cool, clear  
water  
Lapping on a sandy shore.

The sun shone oh so brightly,  
In a small Canadian town,  
Like the day I changed my  
clothes  
For a bit of khaki brown.

It wasn't the thrill of marching,  
Or of fighting for my life,  
That made me join the army,  
And so get in the strife.

There was a feeling in my  
heart,  
The same as Dan or Bill;  
So I went and joined the army,  
Much against my parents' will.

"You should get your educa-  
tion,"  
My mother used to say,  
"You could be a useful doctor,  
In a good and peaceful way."

Greater Love Hath No Man

(Written on Christmas Eve, 1943, in memory of Cpl. Reuben Ash)

"Greater love hath no man than this, - That he lay down his life for his friends" - I recall this passage so often now that I've had time to think; to think of the singing, laughing, care-free face, the soft-hearted tenderness of my brother who has gone to that realm of sunshine, joy, and everlasting peace, the place he so richly deserved and earned during his twenty-three years with us here on earth.

I heard of the way he discharged his duties in the battle; I was there when the telegram came that said he had died of wounds received three days previous while fighting in Italy, and at the time, although it grieved me more than I describe, it didn't sink into my mind at first, just what we all had lost on that terrible day when the enemy shot one of the best boys to ever don a Canadian military uniform. But in the days that have just gone by, when I've had time to think back on all we ever meant to each other, all we ever did together, the blow is sinking deeper into my mind and my heart is splitting a little wider apart; the tears come still nearer the surface.

There were only a couple of years between us in age. We both grew up together and went to school side by side. When he would get into a mild childish squabble at school, I, his older brother, was always there to take his part, and when we were alone again, to scold him for his share in the quarrel. Yes, that's only a sample of our brotherhood. Our friendship was more than just the word, for you could call us pals, and when I say pals I mean something that only two brothers like us could understand.

We graduated from public school and eventually started working in the world for ourselves. We were never far apart and could tell, almost to a day, just what the other was working at. I'd see him driving down the road past me and his arm would go up in a salute as he went by. He was always whistling and talking to his team.

In the winter time, when work was at a lull on the farm, he

would come seeking me out to help him cut some neighbour's cordwood, or to help dad with some poles for the yearly house supply. When he thought someone was putting anything over on either of us, that fiery temper could flare for a moment, and he would fight for our rights even if the foe be a giant or a whole army. How filled with boyish pride I'd be when he would challenge anyone and come out on top. Still he would be over his temper soon and would be asking forgiveness for his outburst. Sorry he had taken his own part. Not very many tried to be crooked with us and the few who tried once never tried again.

Then in September, 1939, when the fateful war broke out and the call came for volunteers to fight the enemy overseas, my brother threw down his peace-time job and offered his services as I knew he would. I knew I must stay where he was so I joined the army also but when they took my brother as A-1 and rejected me on account of my eyesight, I saw the beginning of a separation. My heart was heavy that first night when I asked the officer in charge, if, by any chance I could get better glasses and make the armed forces. His answer dispelled every hope I had.

I went back to the farm and in a short time my brother came to say good-bye. If a sweetheart had suddenly died I could not have felt any worse. But as cheerful as ever he went away telling me he'd be back before long and, to get things prepared while he was away so he and I could farm together on our own after the war was over. I settled down to do just that the best way I knew how. He sent me letters, - he had arrived safely in England, had met a very charming young girl, was married one day with one of our brothers accompanying him to the church; and my heart was filled with thankfulness to God that He was giving my brother happiness even when he was so far from home. I might have known that wherever he went, happiness would always stay with him. It was his nature. I still remember when his bride wrote us to say he was in Italy. He had invaded with the rest of the boys on Sicily, had fought all through that campaign and had gone on to the continent.

Now that I have known for over two months that he will not be back, that he gallantly and fearlessly fell in battle, every love I ever knew for him comes to the front of my mind and I can't help but grieve.

Why did they have to take him, dear Lord? Why didn't I have a chance to be near him when he fell? He would have loved to see me coming to him before he invaded that beach that leads to Heaven. Perhaps, and the more I think of it the more I am convinced, he did see me before he died. Maybe just before he gave up the fight, he saw me coming along through the snow, whistling as of old, a cross-cut saw over one shoulder and an axe in my hand. Dear God, if he did have that vision over there in the army hospital in Italy, I know he'd die with a smile on his lips and peace in his heart.

I pray to God that I be worthy enough to some day board that train that runs from earth to Heaven, for I know my brother will be waiting at the bright station to wave his hand as I come in. I know we will both be singing as we go off to adventures in Heaven together. Dear God all I ask now is to be able to do just that and I will be content, for when we were so close in days gone by, what better or more peaceful could the future be, than to go on forever with one so gallant and loved by all.

Yes, I know some day we will meet again; it will be a great day.

### FALL FAIRS AND 4-H CALF CLUBS

4-H Calf Clubs in Hastings County have a minimum of two fairs to show at. First of all, they show at their own local fair for their club Achievement Day. Secondly, they can then compete in the County 4-H Championship Show held at the Class B fair at Madoc. Beyond that, and depending on how they stood in the show ring, they may be eligible to represent the county and compete in the Ottawa Winter Fair.

The 4-H club showing at its local fair is in effect having its own Achievement Day. The first of these has already taken place. This was the Belleville Rotary 4-H Calf Club. It was part of the Rotary Junior Livestock Show held in conjunction with the Quinte Exhibition (Belleville Fair) on the evening of August 9th. The Junior Livestock Show not only had the calf club achievement day but it also had classes for 4-H members in Yearlings and Two-year-olds. In addition, there was an open showmanship competition. It is interesting to note that there was a total of 51 entries in this Junior Livestock Show.

The balance of the Fairs and calf club achievement days in Hastings County will be held as follows:

Saturday, September 2, 1972, Stirling Fair, Stirling 4-H Calf Club; Monday, September 4, 1972, Madoc Fair, Madoc 4-H Calf Club; Saturday, September 9, 1972, Shannonville Fair, Tyendinaga 4-H Calf Club; Saturday, September 30, 1972, Madoc Fair, Madoc 4-H Calf Club; Saturday, September 30, 1972, Madoc Fair, County 4-H Championship 4-H Calf Club Show. Open to all 4-H calves in Hastings County; Saturday, October 7, 1972, Tweed Fair, Tweed 4-H Calf Club.

### PLOWING MATCHES

Hastings County local match is just being planned and details will be announced shortly. It will likely be held about the middle of September and following the rule of recent years will be in the centre of the county, likely not far from West Huntingdon. The International Plowing Match will be held at Sebringville (near Stratford) - Perth County - Tuesday, September 26th to Saturday, September 30th, 1972.

### O.P.P. REPORT

During the week of August 18th to August 25th, 1972 Officers of Madoc Detachment, Ontario Provincial Police investigated six motor vehicle collisions, all of which were property damage.

There were 28 charges laid under the Highway Traffic Act.

There were four requests for assistance, with 10 reports of thefts and three breaking and enterings reported. Eight disturbances were investigated along with 35 other general occurrences.

In Provincial Court (Criminal Division) Madoc, Ontario Judge R. C. Jackson registered 24 convictions.

Afraid of the dark? You should be... when driving. The chance of disaster is twice as great after dark. Slow down at sundown.

## Ontario is now putting together the biggest municipal enumeration in its history.

### Without you it won't be right.

This is an election year for municipal councils, school boards and other local bodies in most of Ontario. An early step in these elections is the documenting of voters' lists. To assemble voters' lists we need to make an enumeration. This is done by the Province for each municipality.

But our municipal enumeration involves more than just voters' lists. It helps determine the division of education property taxes between the public and separate school systems. It lets the Province more fairly distribute grants to local governments to help reduce municipal tax bills. And it also helps provide us with an accurate population count.

Collecting nearly 8 million names and addresses, as you can imagine, is a big job. The

Province is employing 8,000 people to visit every residence in Ontario. When the government representative knocks on your door, the procedure is simple. The enumeration notice is pre-printed by computer with the names of everyone currently on record in your household. If you agree that the information is correct and complete, you simply sign the notice. If there are changes, such as an addition to the family, corrections are made on the spot, verified and signed by you or any other adult in your household. If you are not home the notice is left, together with simple instructions. You mail it, postage free, only if there are changes.

You will be counted sometime between September 5th and 18th.

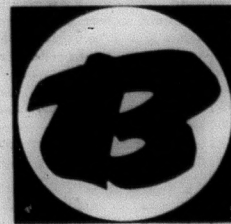

The Municipal Enumeration: September 5-18.

Without you it won't be right.

Government of Ontario  
Ministry of Revenue

Hon. Allan Grossman, Minister. Donald A. Crosbie, Deputy Minister.

## DISTRICT ASSEMBLY HELD IN OTTAWA

What can divine rulership give to all mankind that human rulership has not provided?

That question recently attracted 9,453 persons to Lansdowne Park in Ottawa for the climax address of the 'Divine Rulership' District Assembly of Jehovah's Witnesses.

Arnold W. MacNamara of Toronto delivered the main address entitled, "Divine Rulership - The Only Hope of All Mankind."

"Human rulership is very disappointing," he said. "Since humankind is imperfect, it has been imperfect human rulership."

"The United Nations has been the biggest thing that mankind has been able to offer for urgent human needs, but it has failed to provide secure hope. Mankind is at its wit's end."

Mr. MacNamara said Bible prophecy shows a divine rulership has been established in heaven which will shortly take over earth's affairs to mankind's blessing.

"The kingdom of Jehovah God through Jesus Christ is the only hope of all mankind," he said. "It is the divinely appointed stronghold to which to turn for freedom and life in endless happiness."

The local delegates who attended the convention report a new Bible translation called The Bible in Living English was released for the first time in Canada during the conference. Its translator, Steven T. Evington, was never religiously associated with Jehovah's Witnesses.

The Watchtower Bible and Tract Society, which is one of the world's leading Bible publishing agencies, is the sole printer and distributor of the new translation.

Outstanding world-wide increase was reported during the convention. For 29 years, from 1949 to 1968, the Witnesses averaged 63,000 new baptisms per year. In the past few years the figure has jumped to 145,000 new Witnesses baptized annually and a spokesman said it appears that 150,000 or more will be baptized in 1972. At the Ottawa convention 140 persons were baptized.

More than 1.6 million Witnesses are active in 208 lands, conducting free home Bible studies with some 1.5 million households.

A local spokesman said the work in other countries is basically the same. Free Bible educational service offered locally and for which Jehovah's Witnesses were recently commended by the Boston, Mass., City Council.

## ENUMERATION WILL IDENTIFY NEW LOCAL VOTERS

Revenue Minister Allan Rock said yesterday that the enumeration of Ontario residents, which begins September 5, will identify a new kind of local voter in the province.

The enumeration involves the gathering of basic information for municipal voters' lists. Eighty percent of Ontario municipalities will hold elections on Monday, December 4.

Mr. Grossman said that throughout Ontario's history, property qualifications, with some exceptions, have established eligibility for local elections.

"This year, for the first time, we have expanded the right to vote in municipal and school board elections to the growing number of people who are neither property owners nor

long term tenants. "A Canadian citizen or British subject who is 18 years of age or older and a resident of the municipality between September 5 and October 10 can vote in local elections," the Minister explained.

Mr. Grossman said this year's enumeration is also important as it embraces several other fundamental changes in legislation.

"For example, an individual will now have only one vote per municipality, regardless of how many properties he or she may own or rent."

"However, if an individual is resident in one municipality and also a property owner in another municipality he or she can vote, but only once, in each

municipality, so can that person's spouse."

Mr. Grossman continued: "This means that a cottage owner, for example, can vote in the municipality where he is usually resident as well as the municipality in which his cottage is located."

"As cottage owners are not normally permanent residents of the municipalities where they own cottages, enumeration notices will be mailed to them at their permanent residences. They should make any necessary corrections on the notice and mail it to the address indicated."

The enumeration is being made by the Ministry of Revenue's assessment division on behalf of the municipalities. En-

umerations have traditionally been made in the spring. Starting this year, they will be undertaken in the fall, closer to the December election date, to reduce errors and omissions caused by family moves in the summer, between school years.

The enumeration is to collect such information as names, ages, property occupancy status, school support, school election status, citizenship and residency. This information is required to prepare municipal clerk's by October 10.

Following publications of the lists, people who have incorrectly been omitted from the lists can contact the municipal clerk to have their names added.

The enumerator's visit to a home, or apartment will take

only a few minutes of the resident's time. Residents are urged to check the information recorded by enumerators to make

any necessary corrections and to sign the notice as being correct. In addition, the enumerator will countersign the notice
